Hoppt Box Plate Compactor

CPT80B

86kg Box Plate Compactor

The CPT80B is designed to minimize segregation problems and promote homogeneity of material and air void distributions within the compacted layers. The CPT80B box-type compactor offers greater compaction for various compaction works.

Features and Benefits

- Heavy weight and durable design to ensure reliability under all working conditions
- The large box style base plate not only increases the compacted area, but it also ensures stability
- Carrying handles
- Low Vibration Handle
- Lifelong lubricated bearings for extended service life

Specifications for CPT80B

Dimension - LxWxH (mm)	930 x 440 x 860
Operating Weight (kg)	86
Plate size - DxW (mm)	490 x 440
Vibration Frequency (Hz)	94
Centrifugal Force (KN)	15.0
Compaction Area (m ² /h)	550
Compaction Depth (mm)	350
Max Gradeability (°)	20
Max Working Speed (m/min)	25
Engine Options	Honda GX160 @ 3.6kW(4.8hp) 4 stroke Petrol
