

Roof Access & Walkways/Ladders

PRODUCT DESCRIPTION

On July 1st 2005 new standards came into effect requiring building owners to provide safe access to roof top equipment.

FRP Roof Walkway panels are 15mm thick x 615mm wide in lengths of 2.00m, 3.00m and 3.66m. The panels don't require any special mounting brackets and won't react with any existing metal surface.

Special clips and joining clips remove wastage and makes installation quick and easy, 5 fixings and 1 joiner are included with each walkway panel.

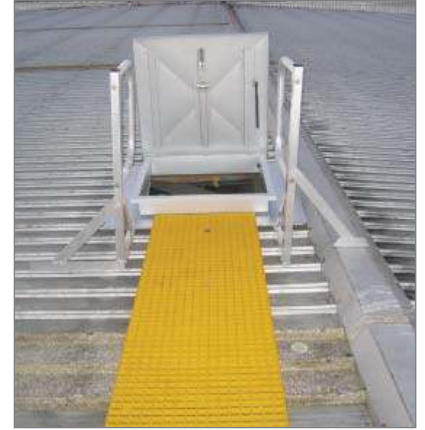

Stock colours are yellow / grey.

FRP can be easily cut and can be fixed along or across the decking rib. Ideal for Skylite crossovers.

Ladder access and handrail systems can also be provided in FRP.
